Introduction

The Israeli occupation forces launched a sudden attack on the Gaza Strip at 2:30 am on Tuesday, May 9, 2023, targeting several families while they were sleeping. The Palestinian Ministry of Health announced the martyrdom of 33, including 6 children and 3 women, 13 elderlies, and 64 were injured, including 13 children and women. A total of 140 residential units have become uninhabitable because of the aggression, including 103 that were destroyed, and 2800 residential units have been partially damaged.

Accordingly, we review a proposal for the reconstruction of the Gaza Strip
